

Academic Publications

Ferrous iron biooxidation in a flooded packed-bed bioreactor at extreme conditions of iron concentration and acidity

Authors: Alfonso Mazuelos, Martin Moreno-Perez, Blanca Perdigones, Pablo Ramirez, Nieves Iglesias-Gonzalez

Journal: Minerals Engineering

Read here:

Adaptation of an iron-oxidising culture to extremely high Fe concentration by a programmed fed-batch bioreactor

Authors: Blanca Perdigones, Pablo Ramirez, Alfonso Mazuelos

Journal: Minerals Engineering

Read here:

A novel approach for microbial activity assessment in bioleaching. Towards a standardised fast-starting up protocol

Authors: Blanca Perdigones, Pablo Ramírez, Alfonso Mazuelos

Journal: Minerals Engineering

Read here:

Study of Gas-Liquid Transfer of O₂ and CO₂ on Bioleaching in CSTRs to Recover Critical Raw Materials from Mine Waste

Authors: *Douglas Pino-Herrera, Anne-Gwénaëlle Guezennec, Catherine Jouliau, Mickaël Beaulieu, Jérémy Engevin, Mickaël Charron & Françoise Bodéan*

Journal: Metallurgy and Materials Society of CIM (eds) Proceedings of the 63rd Conference of Metallurgists, COM 2024. COM 2024. Springer, Cham.
